The partnership has an impact on the organization			X

Please describe the impact of the partnership on your organization.

Trabzon Provincial Directorate of National Education directs all kinds of school and educational institutions (including adult training centres) in Trabzon so by this project we have a chance to introduce our project to our schools and adult training institutions. They have tried to celebrate national/international days in a creative way not usual or common. This project help and motivate them to realize these celebrations in our region. During the project meeting in Italy, our learners and staff have a chance to share information about cultural ,historical ,geographical and educational peculiarities of each participant countries.

Open comments, remarks

- One more meeting could be chosen in order to have the possibility to see each others and to have a more effective communication during two years of project.
-
-
